RE: Notification of Commencement – SSD 8889679 Liddell Battery and Bayswater Ancillary Works

In accordance with condition A8 Notification of Commencement of SSD 8889679 Liddell Battery and Bayswater Ancillary Works, AGL Macquarie PTY LTD hereby advises the NSW Department of Planning and Environment (DPE) that pre-construction activities and physical works are scheduled to commence on the Stage 1 Decoupling works on **Thursday 1 September 2022**.

We understand that the commencement of site works is contingent on the approval of the following documents by DPE and the Planning Secretary:

Condition	Document	Lodged
A7	Proponent letter request to stage management plans for this and future works	12 August 2022
B22	Aboriginal Cultural Heritage Management Plan (ACHMP)	8 July 2022
C1	Environmental Management Strategy	TBC

We seek confirmation from DPE and/or the Planning Secretary that the post-approval conditions relevant to the Stage 1 decoupling works have been met, and request your approval to commence site works.

We trust this letter meets the requirement to provide DPE with two weeks' notice prior to commencement. Please contact me on the details below should you have any questions or require further clarification.

Yours sincerely,
