Subject: Cultural Heritage Management Plan - Stage 3 of Liddell Battery and Bayswater Ancillary Works (SSD-8889679)

Dear Mr Boucaut

I refer to the Stage 3 Bayswater Ancillary Works – Cultural Heritage Management Plan submitted in accordance with Condition B22, Schedule 2 of the consent for Stage 3 of the Liddell Battery and Bayswater Ancillary Works (SSD-8889679). I also acknowledge your response to the Department's review comments and request for additional information.

I note the Cultural Heritage Management Plan has been prepared in consultation with Heritage NSW; and contains the information required by the conditions of approval.

The Department has carefully reviewed the document and is satisfied that it meets the requirements of the relevant conditions in consent for the Liddell Battery and Bayswater Ancillary Works (SSD-8889679). Accordingly, as nominee of the Planning Secretary, I approve the Environmental Management Strategy (Rev E, dated 21 May 2024).

You are reminded that if there are any inconsistencies between the Plan and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Jack Turner on 02 9995 5387.

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments
As nominee of the Planning Secretary
