

## 1. Warranty against defects.

1.1 AGL Energy Services Pty Limited (trading as AGL Solar – “AGL”) supplies goods that are covered by various manufacturers’ warranties as set out in the table below. These warranties are offered in addition to your statutory rights under the Australian Consumer Law. AGL will endeavour to assist its customers, at its option and subject to the terms, exclusions and limitations set out in this warranty statement, to make claims under any applicable manufacturer’s warranties if any of the products specified in the table below (Product) have a manufacturing defect in material or workmanship which:

- (a) falls within the scope of the manufacturer’s warranty; and
- (b) which occurs within the relevant warranty period, summarised for the relevant Product in the table below.

1.2 AGL may, at its option and subject to stock availability, elect to replace a defective Product with another product of comparable quality and features as reasonably determined by AGL and process a warranty claim against the relevant manufacturer itself.

1.3 AGL offers a limited installation services warranty for any defects in the work carried out by its qualified installers.

1.4 All AGL solar components have a minimum 5 year warranty period against defects in material or workmanship. If the manufacturer’s warranty for a particular component covers less than a five year period, AGL will warrant that component against manufacturing defects from the expiry of the manufacturer’s warranty until 5 years from the installation of the component, subject to the limitations and exclusions in clause 3 below. Under this warranty, and subject to any additional rights you may have under the Australian Consumer Law, AGL may elect to repair or replace the defective component.

- (f) if the Product is repaired, or any attempt to repair the Product is made, by anyone other than a CEC authorised repairer of the Products acting at AGL’s direction;
- (g) if the Product is moved for any reason after it has been installed (regardless of whether the Product is subsequently reinstalled or moved back to the same location) unless the Product is reinstalled at the same address by a CEC qualified installer nominated by AGL and it is stored during any interim period in accordance with that installer’s instructions;
- (h) for any damage or defect caused by lightning, flood, power surge, fire, pest damage, corrosion, actions of third parties or any other act of God, event or accident outside AGL’s reasonable control and not arising under normal and standard operating conditions;
- (i) if the Product is altered or modified in any way (including if the Product’s serial or identification number is altered, defaced or removed) unless such modification has been approved in writing by AGL;
- (j) for normal wear and tear; or
- (k) for any other like fault which does not affect the basic performance of the Product, including but not limited to, any external scratches, stains, or natural mechanical wearing.

3.2 Except as provided for in your Final Quote, your supply and installation contracts and this document, to the full extent permitted by law, and subject to your statutory rights under the Australian Consumer Law, all conditions, warranties, guarantees, rights, remedies, liabilities or other terms implied or conferred by statute, custom or the general law that impose any liability or obligation on AGL are expressly excluded.
